

# RESEARCH CONTROL® VALVES

## Valve Service Department

### In-House and On-Site Repair

#### Factory In-House Repair

With the increased demands on your maintenance department, wouldn't it be nice to let Badger Meter do your RESEARCH CONTROL® Valve repairs? From simple cleaning and repacking to the most complete refurbishment, Badger can handle it. With factory parts and factory personnel, we can refurbish your RESEARCH® valve to like new condition.

As more and more companies stop repairing the products they make, or worse, mass replace parts that you may or may not need, isn't it good to see a product with old fashioned service? We provide the following services:

- Free estimates
- Reliable repairs
- Quick turn-around
- Reasonable costs
- Fast response

We are serious about our valves and just as serious about the repair of your valve.

Give us a try. You will find that we can repair your valve fast and inexpensively without the hassles of doing it yourself.

Call Badger Meter for your next RESEARCH® repair.

#### On-Site Repair

Occasionally it becomes necessary to have repairs done at the jobsite. Whether it's an emergency or a valve that can't be removed for repair, we can help. Badger Meter has skilled technicians with many years of factory experience in repairing and diagnosing valve problems. Call us to set up an appointment.

#### Return Authorization

Before sending valves for repair please contact us and get a Return Material Authorization (RMA). A RMA sheet is required with all valves sent in for repair. A MSDS sheet may be required on contaminated valves.
