

Please read through instructions prior to starting.

TO UPGRADE AN ORION LAPTOP

Installing Windows 2000 Service Pack 4

NOTE: If you are running Windows® 2000, check the Service Pack level of your computer. Right-click on the "My Computer" icon on the screen and choose "Properties". You will see something like this:

- Click once on the ESRI Map Objects
 - o Click on Next
 - o Click on Finish
 - o Click on Yes To All
- Close the Control Panel
- Click on Start, Shut Down and choose Restart
- Open Windows Explorer and delete the following folder:
C:\Program Files\ORION Reading Software

INSTALL THE NEW VERSION OF THE PROGRAMMER

- Swap your floppy drive for the CD drive before turning on the laptop
- Turn on the laptop
- Insert Disk 1 CD into the CD drive
- When the CD is up to speed (you can hear it spinning), double click on the My Computer icon on the screen
- Click once on the CD Drive (D:)
- Double click on the Laptop Programmer 2.3 folder
- Double click on the Orion Programmer Setup 2.3 icon
 - o Click Next to install the software
 - o Click Finish
- Click the Back Button in the top left corner area

INSTALL THE ORION LAPTOP SOFTWARE

- Double click on the Orion Laptop Reader folder
- Double click on BMI Mapping
- Double click on Orion Laptop Dual Reader Setup icon
 - o Click Next to begin the installation
 - o Installation will take a few minutes
 - o Click Finish and your computer will reboot automatically. When the login screen returns, log in again

INSTALL THE NEW MAP FILES

- Remove Disk 1 from the CD drive
- Insert Disk 2 into the CD drive and close the drive.
 - o When the CD is up to speed (you can hear it spinning), double click on the My Computer icon on the screen
 - o Double click on the CD drive (D:)
 - o Double click on the program to update your state. The name of the program is XX.exe, where "XX" is the abbreviation for your state. For example, for the state of Wisconsin, the map program is WI.EXE
 - o Click the Unzip button. The program will copy the new map files to the correct place.
 - o Click the OK button when the completion message is displayed
 - o Click the Close button.

You may be required to install a Microsoft® Service Pack before installation can begin.

If you are at Service Pack 4 or later, you may continue the Installation Instructions at step 1.

If you are at Service Pack 3 or earlier, you must upgrade to Service Pack 4, which can be downloaded from <http://www.microsoft.com/windows2000/downloads/servicepacks/sp4/>

After Service Pack 4 (or later) is installed, continue on with "Uninstalling Software."

UNINSTALL THE PREVIOUS VERSION

- Click on Start, Settings and Control Panel
- On the Control Panel screen, double click on Add / Remove Programs
- Click once on Orion Programmer and click Remove
 - o Click on Next
 - o Click on Finish
- Click once on the Orion Laptop Software and click Remove
 - o Click on Next
 - o Click on Yes To All
 - o Click on Finish
