

IS THIS THE DEPTH OF YOUR METER READING TECHNOLOGY?

ORION® GIVES YOU A BETTER WAY.

With ORION meter reading technology from Badger Meter, you can benefit from advanced AMR technology, even if you thought it wasn't in reach of a water municipality your size. You'll get faster meter reading, greater accuracy, and can eliminate estimated readings. Plus, with optional features like leak detection and GPS mapping programs, you can tailor ORION to fit your system's needs. AMR technology has never been more accessible. See your Badger Meter representative for all the facts.
