

Recordall®

Thermoplastic Cold Water Meters

Approved ANSI/NSF-61
(www.nsf.org)

The TRUE No-Lead Solution

1" Model 40PN
with local register

5/8" Model 25PN
with Itron® Radio Frequency System

- ✓ ANSI/NSF 61 approved
- ✓ Eliminates the problem of meter theft (vandalism, bronze scrap reselling)
- ✓ Accurate: Complies with and exceeds the requirements of AWWA C-710
- ✓ Reliable: Warranty identical to a bronze meter warranty
- ✓ Durable: Nutating Disc (positive displacement) meter design, with many years of proven performance in millions of meter installations
- ✓ Practical: light weight, with interchangeable parts between certain sizes (minimizes spare parts inventory)
- ✓ Available in sizes 5/8", 5/8" x 3/4", 3/4" and 1" for residential water services
- ✓ Permanently sealed register, tamper proof and fog proof
- ✓ Compatible with all Badger® automatic meter reading solutions
