

Yep. Fixed networking is that easy.

GALAXY®

You'll be surprised at how easy it really is. And without sacrificing the valuable features you expect from a premium AMI system. Unlike other network products, Badger Meter's GALAXY® fixed network AMI system is easy to install, operate, and maintain. And with our READCENTER™ reading data management software, water utilities can quickly and easily gather and organize meter reading data, detect leaks, and monitor system performance at the touch of a button. The GALAXY system's flexible architecture provides maximum control over the flow of information - and connects to a wide variety of meters, making integration a snap, while giving you the data you need to make informed decisions. Call us. We'll show you how a GALAXY system can benefit your utility. Fixed networking from Badger Meter. It's just that easy.
