

Our tough fire hydrant meter is the new king of the curb.

**MOVE  
OVER  
ROVER.**

The Badger Meter fire hydrant meter can stand up to the punishment of everyday use, yet still deliver unmatched accuracy, thanks to our patented floating rotor turbo meter. The rugged construction features a double walled stainless steel screen to protect the measuring element, a  built-in flow restrictor to eliminate element over-speeding and field-replaceable handles. Plus, the 12-inch meter only weighs 14.2 pounds! Contact your Badger Meter representative for all the benefits of using our fire hydrant meters. Because generating revenue is one of the best ways to use your hydrants.
